

GP Tips 'n' Tricks from Altico

There are dozens of little tips and tricks for using your Microsoft Dynamics GP system that can make your life ever so much easier. We'll be bringing you a new tip every month in the hope that you find them useful.

The resident Altico wizard presents your September 2009 GP tip:

Security Access to Custom SmartList Objects

To access the SmartList in GP 10, follow these steps:

1. Login as SA
2. Go to Dynamics | Tools | Setup | System | Security Roles
3. Select the role that you have created
4. Scroll down to Admin_System_SL05 and double click
5. Product = SmartList
6. Type = SmartList Object
7. Series = Smartlist Object
8. Select your custom SmartList from the series
9. Click save

I'm NOT the resident wizard, but be that as it may, you're welcome to channel your questions through me.

Yours,

Marcia Nita Doron
